

Over the last few weeks many people in our community have made comments about how amazing our school has been in supporting the Jacobson family – and I think that it is important that you know this. The amazing response we have witnessed to the call for meals, lunchboxes, supermarket gift cards, financial assistance, time and energy has been a wonderful reflection on the people in our school community.

So, the thanks I have received I pass on to you! The spirit in which you have offered a helping hand, a friendly smile, a comforting word to Stevie, Tily, Bentley and Zeehen is the face and hand of God to their family and to our school.

Well done – and thanks!
